Notice of Hearing on Proposed Administrative Regulations

The office of the Consumer Credit Commissioner will conduct a public hearing at 11 a.m. Tuesday, September 3, in Room 352-S, Landon State Office Building, 900 S.W. Jackson, Topeka, on permanent regulation 75-6-26. All interested parties may present oral or written comments and will be given reasonable opportunity to present their views or arguments on adoption of this regulation at the hearing.

The regulation proposed for adoption as a permanent regulation allows the commissioner to carry out the provisions of K.S.A. 16a-3-206, 16a-5-203 and 61a-5-302.

The purpose of the proposed regulation is to continue the inclusion in Kansas law the disclosure requirements which are no less restrictive than the Federal Truth-in-Lending Act.

The regulation will have no economic impact on a creditor, as they would still be required to disclose under federal law. The examiners of the Consumer Credit Commissioner's office spend approximately 15 percent of their examination time on disclosure requirements at a cost of about \$17,500 per year. There will be no economic impact on the consumer.

Copies of the proposed regulation and the economic impact statement can be obtained from the office of the Consumer Credit Commissioner at the address above, (913) 296-3151.

This 30-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed permanent regulation. Written comments may be submitted to the Consumer Credit Commissioner.

Notice Concerning Variance Request From Hazardous Waste Regulations

The city of Hays is presently planning and designing a project named the Big Creek Water Banking Plan, which will increase the supply of water available to the city for public water supply. One of the components of this project consists of tertiary treatment of the city's wastewater with subsequent discharge to the alluvial aquifer via a rapid infiltration basin located adjacent to Big Creek west of Hays. The present proposed location of the rapid infiltration basin is in the center of Section 30, Township 13 South, Range 19 West, Sixth Principal Meridian in Ellis County.

The wastewater will receive treatment at a tertiary wastewater treatment plant located at the city's present wastewater treatment plant site. Treatment will include screening, aerated grit removal, primary sedimentation, trickling filters, activated sludge, final clarification, chlorination, rapid mixed media filtration, dechlorination and reaeration. The reclaimed wastewater will be either discharged to Chetolah Creek, utilized for irrigation, directly discharged to Big Creek approximately 1 mile northwest of the rapid infiltration basin, or discharged to the rapid infiltration basin for direct recharge of the alluvial aquifer. This reclaimed wastewater will have a different quality than that of the existing groundwater. The reclaimed wastewater is expected to have higher concentration of sodium, sulfate, chloride, nitrate and disinfection byproducts referred to as trihalomethanes (THMs) than present in the existing groundwater. The reclaimed wastewater should have lower concentrations of iron, calcium, and decreased values of total hardness and total alkalinity.

The permit, which regulates the quality of wastewater effluent, will include a limitation on nitrate within the reclaimed wastewater effluent discharged to the rapid infiltration basin; the concentration of nitrate will not be permitted to exceed 10 mg/1 monthly average. Because KDHE anticipates the reclaimed wastewater discharge to the rapid infiltration basin will have higher concentrations of some substances than the existing groundwater, KDHE requires the city of Hays obtain a variance to the Kansas Surface Water Quality Standards.

A variance request dated June 27, 1991, was submitted to KDHE. A copy of the variance request is on file with KDHE and may be obtained by written request directed to: Municipal Program Section, Kansas Department of Health and Environment, Building 740, Forbes Field, Topeka 66620-7300.

Any person wishing to comment on the variance request may forward written comments to the Municipal Programs Section at the address above within 30 days after publication of this notice in the Hays Daily News.

Copies of the variance request and the operation plan for the Big Creek Water Banking Plan are available for public review in the office of the City Manager, 1507 Main, Hays, between 8 a.m. and 5 p.m. Monday through Friday.

Based upon review of the variance request, the operation plan for the Big Creek Water Banking Plan and other related studies, KDHE at this time concurs with the finding that failure to approve the variance request will result in impairment of important social and economic development. If this variance is issued by KDHE, the terms and conditions of the variance will include operation of the wastewater treatment plant in compliance of the wastewater treatment plant permit (NPDES permit) to minimize surface and groundwater quality degradation. Additionally, the city will be required to modify the operation plan to comply with monitoring requirements established by KDHE to evaluate the impact upon groundwater caused by this project.

A public hearing will be held if KDHE determines there is significant public interest in and need for a hearing.

Notice Concerning Kansas Water Pollution Control Permits

In accordance with state regulations 28-16-57 through 63 and 28-18-1 through 4, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, tentative permits have been prepared for the water pollution abatement facilities for the feedlots described below. The tentative determinations for permit content are based on preliminary staff review, applying the appropriate standards and regulations of the state of Kansas and the EPA. The permit requires control of any existing or potential discharges to achieve the goal of "no discharge" whenever possible. The permit, upon issuance, will constitute a Kansas water pollution control facility and/or a national pollutant discharge elimination system permit.

Notice of Job Service Substate Resource Distribution

The Kansas Department of Human Resources, Job Service, has received the final allotment of resources for operation of Program Year 1991. The allotment figures given to Kansas by the Secretary of Labor total \$6,950,452. In compliance with federal regulations, Job Service is announcing the substate resource distribution plan. Resources will be distributed to the five service delivery areas for field utilization by a resource allocation formula which includes demographic and productivity factors.

The formula utilizes five basic criteria (by SDA):

- 1) Total population (1990 Census);
- 2) New applications and renewals;
- 3) Placements 150 days and over;
- 4) Placements under 150 days; and
- 5) Obtained employment.

Items 2, 3, 4 and 5 are obtained from Table A-22 of the State Employment Security Agency Automated Management System (SAMS). The formula is computed each year after January and the data is drawn only from the months of February, May, August and November of the preceding calendar year. For example, the formula computed for use in 1991 is based on the calendar 1990 statistics.

The formula is divided into two parts. The first part is weighted as two-thirds of the total formula, and is composed of criteria 1 and 2; total population represents two-thirds of this part and new applications and renewals are weighted as one-third.

The second part of the formula is weighted as onethird of the total formula, and is composed of criteria 3, 4, and 5; placements 150 days and over is 70 percent of this part of the formula, while placements under 150 days and obtained employment are each weighted 15 percent.

After computation is completed on each of the two parts, the results are combined utilizing the two-third and one-third weight of each of the two parts. Program Year 1991 distributions are as follows:

PY 1991 Substate Allocations

	Allocation:	178.22 positions
Total State	Administration:	5.20 positions
Total SDA	Allocation:	173.02 positions
SDA 1	22.86%	39.55 positions
SDA II	20.89%	36.14 positions
SDA III	23.56%	40.76 positions
SDA IV	21.41%	37.04 positions
SDA V	11.28%	19.52 positions

Plans for the utilization of these resources have been developed in conjunction with the Private Industry Councils in the five service delivery areas. These plans and the resource allocation formula criteria are now available for public review and comment.

Review and comments on the SDA plans and the resource allocation formula criteria may be accomplished by contacting:

Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the

bondholders.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8th or 1/20th of 1 percent. No interest rate shall exceed the index of treasury bonds published by the weekly Muni Week in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest

cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance a portion of the costs of main sewer improvements in said city. The bonds will be general obligations of the city payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the city, pursuant to K.S.A. 12-619 and K.S.A. 12-624.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years beginning after December 31, 1989, in the calculation of alternative minimum taxable income, with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on

obligations acquired after August 7, 1986.

With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds if such interest cost is incurred in taxable years ending after December 31, 1986, with respect to obligations acquired after August 7, 1986. The city does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the va-

(continued)

lidity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is exempt from federal income taxation. Interest on the bonds may also be excludable from the computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

Delivery and Payment

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about September 10, 1991, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan areas, as may be specified by the successful bidder. Delivery elsewhere will be the cost of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 4 p.m. C.D.T. August 26, 1991. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 4 p.m. C.D.T. August 26, 1991, a certificate acceptable to the city's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$6,000, payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the city. If a bid is accepted but the city shall

fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the city. The city reserves the right to pursue any consequential damages as a result of such default by the bidder.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bid Forms

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such, forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at Paola City Hall and must be received by the undersigned prior to 4:30 p.m. C.D.T. Tuesday, August 13, 1991.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Tuesday, September 3, in the SRS Staff Development conference room, 300 S.W. Oakley, Topeka, to consider the adoption of proposed changes in existing rules and regulations and the adoption of new regulations on a permanent basis.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Social and Rehabilitation Services, Room 603-N, Docking State Office Building, 915 Harrison, Topeka 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

These regulations are proposed for adoption and are scheduled to become effective October 28, 1991. A summary of proposed regulations and their economic impact follows.

The phrase "Federal Mandate" following an item indicates that the change is required by federal policy. Optional changes in regulations related to federal programs are subject to approval by the U.S. Department of Health and Human Services.

Article 2.—GENERAL

30-2-16. Permanency planning goals for title IV-E of the federal social security act. This regulation is being amended to change the date of the federal fiscal year permanency planning goals. (Federal Mandate.)

Economic Impact: This regulation precludes the federal government from withholding money which the agency would otherwise receive under titles IV-B and IV-E of the Federal Social Security Act.

Article 4.—PUBLIC ASSISTANCE PROGRAM

30-4-63. KanWork program requirements. This regulation is being amended to adopt on a permanent basis the August 30, 1991, temporary change regarding the exemption for children. While children under age

16 continue to be exempt, those who are age 16, 17, or 18 and who attend full time an elementary, secondary, or vocational-technical school shall be exempt if the schooling is not a required Kanwork activity. For persons age 18, the exemption shall only apply if the person can be reasonably expected to complete the program before attaining age 19. (Federal Mandate.)

Economic Impact: This change is not expected to

have any discernible economic impact.

30-4-64. Work program requirements. This regulation is being amended to adopt on a permanent basis the August 30, 1991, temporary change regarding the exemption for children. While children under age 16 continue to be exempt, those who are age 16, 17, or 18 and who attend full time an elementary, secondary, or vocational-technical school shall be exempt if the schooling is not a required work program activity. For persons age 18, the exemption shall only apply if the person can be reasonably expected to complete the program before attaining age 19. (Federal Mandate.)

Economic Impact: This change is not expected to

have any discerhible economic impact.

30-4-90. Eligibility factors specific to the general assistance (GA) program. This regulation is being amended to adopt on a permanent basis the July 1, 1991, temporary change which provided for presumptive eligibility determinations on persons who are being released from the extended care unit at the Kansas state penitentiary in accordance with an approved discharge plan. This provides for up to three months of assistance based upon a finding of presumptive eligibility and allows for immediate access to needed cash and medical benefits upon release. Prior to this change, such benefits were provided only to persons released from medicaid-approved psychiatric hospitals.

Economic Impact: This change is not expected to have any discernible economic impact as these individuals currently qualify for GA. The change only provides for more expedient benefits upon the person's

release.

30-4-101. Standards for persons in own home, other family home, specialized living, commercial board and room, or commercial room-only living arrangements. This regulation is being amended to adopt on a permanent basis the July 1, 1991, temporary change which reduced the standards in the GA program to the level used in the AFDC program and increased the basic standard in the AFDC and GA programs by an average of \$4.50 per person.

Economic Impact: The legislature appropriated \$4,632,926 (\$2,086,771 state general funds) for this in-

crease in standards.

Article 5.—PROVIDER PARTICIPATION, SCOPE OF SERVICES, AND REIMBURSEMENTS FOR THE MEDICAID (MEDICAL ASSISTANCE) PROGRAM

30-5-58. Definitions. This regulation is being amended to adopt on a permanent basis the August 30, 1991, temporary change which added new definitions relating to medicaid home- and community-based services for persons with head injury trauma and for persons with mental retardation or other de-

(continued)

velopmental disabilities. The text of the definitions is set forth below:

"Medicaid home- and community-based services for persons with head injury trauma (HCBS/HI)" means services provided in accordance with a federally-approved waiver to the Kansas medicaid state plan that are designed to be alternatives to services in head injury rehabilitation facilities to individuals with external,

traumatic head injuries.

"Medicaid home- and community-based services for persons with mental retardation or other developmental disabilities (HCBS/MRDD)" means services provided in accordance with a federally-approved waiver to the Kansas medicaid state plan that are designed to be alternatives to services otherwise provided in intermediate care facilities for the mentally retarded (ICF/MR) to individuals who have mental retardation or other developmental disabilities.

"Mental retardation" means significantly subaverage

intellectual functioning which:

(A) Is manifested before age 22; and

(B) is evidenced by:

(i) A score of 70 or below on any standardized measure of intelligence; and

(ii) concurrently existing deficits in adaptive

"Other developmental disabilities" means a condition or illness which:

(A) Is manifested before age 22;

(B) may reasonably be expected to continue indefinitely;

(C) results in substantial limitations in any three or more of the following areas of life functioning:

(i) Self-care;

(ii) understanding and the use of language;

(iii) learning and adapting;

(iv) mobility;

(v) self-direction in setting goals and undertaking activities to accomplish those goals;

(vi) living independently; or

(vii) economic self-sufficiency; and

(D) reflects the need for a combination and sequence of special, interdisciplinary or generic care, treatment or other services which are of extended or lifelong duration and are individually planned and coordinated.

Economic Impact: None. See the economic impact

statement for K.A.R. 30-5-78 and 30-5-79.

30-5-70. Payment of medical expenses for eligible recipients. This regulation is being amended to adopt on a permanent basis the August 30, 1991, temporary change which added a section which non-covers nursing facility and ICF/MR services for individuals who do not meet the financial provisions of K.A.R. 30-6-53(d). The financial provisions require persons in nursing facilities to have no more in total monthly gross income than 300 percent of the one-person benefit level in the Supplemental Security Income (SSI) Program. Persons who are ineligible under this provision may qualify for medical assistance for other than nursing facility services based on independent living rules. This change is necessary for the Department to stay within its FY 1992 appropriations.

Economic Impact: See the economic impact state-

ment for K.A.R. 30-6-53.

30-5-78. Scope of and reimbursement for home- and community-based services for persons with head injury trauma. The secretary is proposing to adopt on a permanent basis a new regulation that will give authority for a federally-approved waiver of medicaid eligibility for persons with head injury trauma. The text of the regulation is set forth below:

30-5-78. Scope of and reimbursement for home- and community-based services for persons with head injury trauma. The scope of home- and community-based services for persons with head injury trauma shall consist of those services provided under the authority of the applicable federally-approved model waiver to the Kansas medicaid state plan. (a) Recipients of services provided pursuant to this waiver shall be capable of benefitting from rehabilitation by demonstrating improvement.

(b) Home- and community-based services shall be provided in accordance with a plan of care written by a licensed social worker or registered nurse and approved by the Kansas department of social and rehabilitation services. Prior to the development of any plan to provide services, the need for services shall be determined by an individualized assessment of the prospective recipient by a provider enrolled in the

program.

(c) Mandatory services shall include:

(1) Case management services, up to a maximum of 116 hours per calendar year; and

(2) transitional living skills training, up to a maxi-

mum of seven four-hour days per week.

(d) Optional services may include one or more of the following:

(1) Rehabilitation therapies consisting of:

(A) Occupational therapy;

(B) physical therapy;

(C) speech-language therapy;

(5) non-medical attendant care, with prior authorization by the case manager; or

(6) medical equipment and supplies not otherwise covered under the Kansas medicaid state plan, with prior authorization by the case manager.

(e) Reimbursement for home- and community-based services for persons with head injury trauma shall be based upon reasonable fees as related to customary charges, except that no fee shall be paid in excess of the range maximum. The effective date of this reguEconomic Impact: It is estimated that \$271,353 (\$115,732 state general funds) will be saved through this regulation change and the establishment of this waiver.

30-5-79. Scope of and reimbursement for home- and community-based services for persons with mental retardation or other developmental disabilities. The secretary is proposing to adopt on a permanent basis a new regulation that will give authority for a federally-approved waiver of medicaid services for persons with mental retardation or other developmental disabilities. The text of the regulation is set forth below:

30-5-79. Scope of and reimbursement for home- and community-based services for persons with mental retardation or other developmental disabilities. The scope of home- and community-based services for persons with mental retardation or other developmental disabilities shall consist of those services provided under the authority of the applicable federally-approved waiver to the Kansas medicaid state plan. (a) Prior to the development of any plan to provide services, the need for services shall be determined by an individualized assessment of the prospective recipient by a provider of community-based screening services.

(b) Home- and community-based services shall be provided in accordance with an individualized, written plan of care approved in writing by the Kansas department of social and rehabilitation services. Each annual review and amendment of this plan shall be approved in the same fashion. This plan shall:

(1) Be based on needs identified during the screen-

ing assessment;

(2) specify each service to be provided and why each service was selected, or how each service will address any specific need identified by the assessment;

(3) specify the frequency, and within what limits,

each service shall be provided;

(4) specify what other support services are required

and the plan for obtaining them;

(5) be prepared in consultation with the recipient and the recipient's guardian, if one has been appointed;

(6) be approved in writing by the recipient or the

recipient's guardian, as appropriate; and

(7) be reviewed at least annually and updated as

necessary.

(c) Reimbursement for home- and community-based services for persons with mental retardation or other developmental disabilities shall be based upon reasonable fees as related to customary charges, except that no fee shall be paid in excess of the range maximum. The effective date of this regulation shall be October 28, 1991.

Economic Impact: It is estimated that the current 522 recipients and 426 additional individuals will receive services under the provisions of this regulation resulting in increased expenditures of \$9,400,000 (\$4,000,000 state general funds). However, without this regulation and the associated waiver, these individuals would be served through more costly institutional placement. The net result is an estimated cost avoidance of \$10,109,000 through this regulation.

30-5-101. Scope of chiropractic services. This regu-

lation is being amended to adopt on a permanent basis the August 30, 1991, temporary change which eliminated chiropractic services for those individuals not participating in the Kan Be Healthy Program.

Economic Impact: There will be a savings of \$538 (\$227 state general funds) as a result of this regulation

change.

30-5-103. Scope of podiatric services. This regulation is being amended to adopt on a permanent basis the August 30, 1991, temporary change which eliminated podiatric services for those individuals not participating in the Kan Be Healthy Program.

Economic Impact: There will be a savings of \$16,228 (\$6,865 state general funds) as a result of this regu-

lation change.

30-5-110. Scope of partial hospitalization programs. This regulation is being amended to adopt on a permanent basis the August 30, 1991, temporary change which deleted the phrase, ". . . unless the partial hospitalization services were provided by a program approved by the division of medical programs prior to December 1, 1986."

Economic Impact: None.

30-5-114. Scope of targeted case management services. This regulation is being amended to add targeted case management services for individuals who are mentally retarded or developmentally disabled when provided by mental retardation centers as defined in K.S.A. 19-4001 to 19-4005. This regulation change will allow targeted case management services to be reimbursed through Medicaid for individuals who are mentally retarded or developmentally disabled. This will allow case management services to be offered to all adults who are mentally retarded or developmentally disabled. This will greatly improve the quality of integrated services these individuals receive and will significantly reduce the chances of unnecessarily institutionalizing these people.

Economic Impact: This regulation change will not result in any increase in expenses to SRS or Kansas. The agency will pay only the federal financial participation portion of the Medicaid reimbursement. The provider agencies will provide an estimated \$1,200,000 in state general fund match with state and local existing funds. Individuals who are not covered by Medicaid will be charged a fee for targeted case management services on a sliding fee schedule. Very few individuals who are mentally retarded or developmentally disabled are not eligible for Medicaid

Article 6.—MEDICAL ASSISTANCE PROGRAM— CLIENTS' ELIGIBILITY FOR PARTICIPATION

30-6-53. Financial eligibility. This regulation is being amended to adopt on a permanent basis the August 30, 1991, change which limited financial eligibility for medical assistance for payment of nursing facility care to persons whose total monthly gross income does not exceed 300% of the one person benefit level in the Supplemental Security Income (SSI) program. Persons who are ineligible under this provision may qualify for medical assistance for other than nursing facility care

services.

based on independent living rules. This income provision shall not, however, be applicable to persons in a nursing facility as of August 30, 1991, whose income exceeds the new standard on that date provided they continue to reside there and otherwise remain financially eligible for assistance. This change was necessary for the agency to stay within its FY 1992 appropriations.

Economic Impact: It is expected that this change will result in loss of nursing facility coverage for approximately 445 persons at a savings of \$174,236 (\$77,099 state general funds) for FY 1992 or \$232,314 (\$102,799) on an annualized basis. However, because the Department has exempted current residents from this income limit, the savings in FY 1992 and subsequent years will be greatly diminished. The annual estimated savings will not be fully realized until currently affected residents have all been discharged.

This regulation is being further amended to adopt on a permanent basis the August 30, 1991, temporary change which incorporated a definition of patient liability. The term shall be defined as the amount the individual is required to pay towards the cost of care an individual receives in an institutional arrangement. This is a technical change only.

Economic Impact: This change is not expected to

have any discernible economic impact.

This regulation is being further amended to adopt on a permanent basis the August 30, 1991, temporary change which deleted the requirement that charges for long-term care in an approved facility are allowable only up to the agency rate for purposes of meeting the spenddown or patient liability of an individual.

Economic Impact: This change is not expected to

have any discernible economic impact.

30-6-74. Persons whose needs are to be considered with the needs of the ADC child. This regulation is being revoked as the needs of the parents or other caretaker relatives of an ADC child are no longer covered in the medical assistance program related to ADC effective August 30, 1991. This change was necessary for the agency to stay within its FY 1992 appropriations.

Economic Impact: It is estimated that this change will result in total savings of approximately \$5.9 million (\$2.4 million state general funds) in FY 1992 or \$7.9 million (\$3.2 million state general funds) on an an-

nualized basis.

30-6-106. General rules for consideration of resources, including real property, personal property, and income. This regulation is being amended to adopt on a permanent basis the August 30, 1991, temporary change which clarified that the monthly community spouse income allowance is to be deducted from the income of the institutionalized spouse under the division of assets provisions in determining the amount of patient liability for persons in institutional living arrangements or spenddown for persons in home- and community-based services arrangements. (Federal Mandate.)

Economic Impact: This change is not expected to have any discernible economic impact.

Article 10.—ADULT CARE HOME PROGRAM

30-10-1a. Nursing facility program definitions. This

regulation is being amended to:

(a) Change the definition of "twenty-four nursing care" in response to concerns from the Joint Committee on Rules and Regulations by making the reference to the federal Nursing Home Reform Act more direct to that Act;

(b) delete the definition of "heavy care" which was eliminated as a separately reimbursed service on July

1, 1991;

(c) add "director" to the phrase "non-working re-

lated party"; and

(d) define "agency" as the Kansas Department of Social and Rehabilitation Services.

Economic Impact: None.

30-10-11. Personal needs fund. This regulation is being amended to clarify that bank service charges shall be included in the provider's per diem rate and not be charged to the resident, and that interest earned on any pooled interest-bearing account shall be distributed without reductions.

Economic Impact: Minimal.

30-10-15b. Financial data. This regulation is being amended to clarify that payments may be suspended if the provider fails to furnish requested records and documents to the agency.

Economic Impact: None.

30-10-17. Cost reports. This regulation is being amended to:

(a) Change the year used for cost reporting purposes from the fiscal year used by the provider for tax reporting purposes to the calendar year ending December 31, 1991, and subsequent years thereafter;

(b) add the requirement that cost reports shall be due the last day of February following the previous

calendar year cost report period;

(c) clarify that end of the fiscal year means December 31st;

(d) make technical changes; and

(e) change the cost report form instructions by updating the address to which the form must be submitted, changing the date requirements to parallel the cost report year earlier in this regulation, adding a declaration by the facility owner and preparer, and adding the requirement that the owner of the facility or business must sign the cost report.

Economic Impact: Minimal.

30-10-18. Rate of reimbursement. This regulation is being amended to:

(a) Make technical changes;

(b) add that other factors for the minimum wage adjustment and the federal omnibus budget reconciliation act requirements may be added to the per diem rate when determined appropriate by the agency;

(c) clarify that there shall be no penalty during the grace period if the rate(s) charged to residents not under the program are lower than the Medicaid rate and are subsequently increased to meet or exceed the Medicaid rate; and

(d) clarify that if the rate(s) charged to residents not under the program are lower after the grace period, the Medicaid rate will be lowered beginning with the effective date of the Medicaid rate.

Economic Impact: The minimum wage provision is estimated to cost \$500,000 (\$205,000 state general funds).

30-10-19. Rates; effective dates. This regulation is being amended to:

(a) Add that the rate effective date is July 1 following the calendar year cost report;

(b) make technical changes;

(c) delete obsoleted provisions; and

(d) add that the effective date of the per diem rate for providers filing an historic cost report for calendar year 1991 shall be July 1, 1992.

Economic Impact: Minimal.

30-10-23a. Non-reimbursable costs. This regulation is being amended to make a technical change and to add to the list of non-reimbursable costs the related expenses to airplanes and bank overdraft charges or other penalties.

Economic Impact: Minimal.

30-10-24. Compensation of owners, related parties and administrators. This regulation is being amended to make technical changes and to clarify that a full-time equivalent work week is 40 hours.

Economic Impact: None.

30-10-25. Real and personal property fee. This regulation is being amended to spell out the effective dates for rebasing.

Economic Impact: None.

30-10-27. Central office costs. This regulation is being amended to:

- (a) Add the criteria for central office costs and how they shall be reported;
- (b) add that non-reimbursable costs apply to central office costs; and
- (c) clarify what costs may be allocated to individual facilities.

Economic Impact: Minimal.

30-10-29. Reimbursement for 24-hour nursing care. This regulation is being amended to:

- (a) Revise the reimbursement provisions for 24-hour nursing to allow full cost reimbursement when one or both additional shifts are covered seven days a week;
- (b) clarify that professional nurses are registered nurses or licensed practical nurses;
- (c) clarify that actual resident days are used in the calculation; and
- (d) clarify that the 24-hour nursing reimbursement does not apply to contract labor.

Economic Impact: Estimated increased expenditure of \$1.8 million (\$738,000 state general funds).

Article 22.—LICENSING OF PSYCHIATRIC HOSPITALS; FUNDING OF COMMUNITY MENTAL HEALTH CENTERS AND FACILITIES FOR THE MENTALLY RETARDED AND FACILITIES FOR HANDICAPPED PERSONS

Article 22 is amended to delete references to licensing requirements for community mental health centers, as those materials are transferred to Article 60 and revised there. Certain other technical amendments

are made in the remaining regulations in Article 22 to comply with current regulatory standards.

Article 60.—LICENSING OF COMMUNITY MENTAL HEALTH CENTERS

Proposed Article 60 is a complete revision of the licensing standards and procedures with regard to community mental health centers. These revisions represent clarifications of current requirements and specifications as to new requirements. The regulations are grouped according to subject matter and are organized according to the following outline:

Regulations 30-60-1 and 30-60-2 contain introductory comments and definitions applicable to the Article;

Regulations 30-60-5 to 30-60-7 contain procedures to be followed in licensing and renewal;

Regulations 30-60-10 to 30-60-12 contain requirements and procedures to establish new community mental health centers;

Regulations 30-60-17 to 30-60-19 contain general requirements concerning the establishment of fees charged to clients of centers, the coordination, non-duplication and accessibility of services provided by centers, and statistical reporting requirements;

Regulations 30-60-25 to 30-60-28 contain requirements concerning the organization of centers, their internal authority, fiscal integrity, and procedures for setting the goals of centers and measuring their effectiveness in achieving those goals;

Regulations 30-60-40 and 30-60-41 contain requirements concerning personnel management and supervision;

Regulations 30-60-45 to 30-60-47 contain requirements concerning the maintenance of administrative and clinical records within the centers;

Regulation 30-60-50 sets out the minimum rights which each client of a center is entitled to have respected or observed;

Regulation 30-60-55 sets out requirements for a program of quality assurance each center must maintain;

Regulations 30-60-60 to 30-60-62 contain requirements for basic mandatory programs which each center must provide and standard procedures with which those services must be provided; and

Regulations 30-60-70 to 30-60-76 contain requirements for optional programs which centers must comply with if they elect to provide any of these optional services.

Article 61.—PARTICIPATING MENTAL HEALTH CENTERS

Proposed Article 61 contains additional materials relevant to those community mental health centers which choose to enter into contracts with the Department to become a participating mental health center pursuant to K.S.A. 1990 Supp. 39-1601 et seq. The regulations are grouped according to subject matter and are organized according to the following outline:

Regulations 30-61-1 and 30-61-2 contain introductory comments and definitions applicable to the Article;

Regulations 30-61-5 and 30-61-6 contain procedures to be followed in contracting;

(continued)

Regulation 30-61-10 sets out requirements for screening services which every participating mental health center shall be required to provide; and

Regulations 30-61-15 and 30-61-16 contain requirements for optional programs which participating men-

tal health centers may contract to provide.

Economic Impact for Article 22, 60 and 61: Because these regulations set forth only licensing requirements and standards for the provision of services and standards for programs provided by participating mental health centers, no direct costs are associated with these regulations to the Department. Centers may incur additional costs to come into compliance with one or more of the requirements of these standards, however, because the standards represent only minimal requirements and in some instances concern optional services centers may elect not to provide, the exact additional costs associated with these regulations to such centers are difficult to calculate and will vary from center to center and depend upon what optional services are chosen. Nonetheless, such costs should be minimal as the regulations represent a compilation of recognized minimal standards which most centers likely already

Article 46.—CHILD ABUSE AND NEGLECT K.A.R. 30-46-14 is being revoked. K.A.R. 30-46-13

and 30-46-15 are being amended to eliminate the agency's duty to provide an alleged perpetrator of child abuse or neglect with a notice of proposed finding and the offer of a review of the agency's proposed finding by the area director or the director's designee. These changes should have no adverse effect on clients. The due process rights of persons the agency names as confirmed perpetrators are streamlined by these changes and their rights are fully protected through the administrative appeals process.

Economic Impact: Minimal.

Copies of the regulations and their economic impact statements may be obtained from the Office of the Secretary, Room 603-N, Docking State Office Building,

Topeka 66612, (913) 296-3969.

The public is invited to this meeting. Telephone hook-ups are provided at the following locations of Social and Rehabilitation Services offices: Chanute, Emporia, Garden City, Hays, Hutchinson, Kansas City, Lawrence, Manhattan, Olathe, Salina, Topeka (area office), and Wichita.
